### A More Thorough Examination...

The Australian Monitor Installation Series AMC+ range of booster amplifiers take the rugged reliability of the famous AMIS range and deliver the same high quality audio reinforcement in a low cost, two rack unit package. Available in 120 and 250 watts and offer 70 volt, 100 volt or

4 ohm outputs, the AMC+ series booster amplifiers give the audio contractor a reliable booster amplifier for applications that are price sensitive yet still require high quality commercial sound reinforcement.

# Architecture & Engineering Specifications
